

**Fig. 1**

Fig. 1 is a detailed cross-sectional view of a mechanical assembly, likely a valve or pump component. The assembly features a central shaft (30) passing through a housing (10). The shaft is supported by bearings (42, 44) and has a piston (34) at one end. The piston is connected to a lever (36) which is pivoted at (38). The lever is actuated by a cam (46) and a spring (48). The assembly is secured with bolts (17) and washers (12). Various other components are labeled with numbers 1 through 52, including seals, gaskets, and structural parts. A section line II-II is indicated at the bottom right, and a coordinate system (X, Y) is shown at the bottom left.
